Note: If different crop on the plot, report the area cultivated for each crop, e.g. split the total plot into smaller areas. If cultivate twice on the same area during one season report the same area twice AND write a note. This is important! If the reported cultivated area is incorrect reported the total cultivated area in Cambodia can be overestimated

Note: Area harvested should only be reported if the household have produced any crop on the plot. If no production the harvested area should be '0'.

Note: Sale price means the price per kg the received when they sold the crop OR should have received if they had sold the crop they kept in storage. The sale price reported for different crop must be reasonable. If you are not sure, discuss with the supervisor.
